VEGO DESIGN

VEGO DESIGN represents the perfect fusion of luxury, innovation, and functionality. Inspired by Italian craftsmanship, every product is designed to elevate interiors with timeless elegance and uncompromising quality.
From floor drains to tile trims and sanitary accessories, **VEGO DESIGN** brings next-level sophistication to modern architecture and interior spaces.

PRODUCT CATALOG

Tornado-X®
Flush technology

CLEANER QUIETER SMARTER

Self-Cleansing Effect

WINNING TECHNOLOGY

TORNADO-X® HAS WON CUSTOMER SATISFACTION IN RECOGNITION OF ITS DESIGN AND ADVANCED TECHNOLOGY

CLEANER

TORNADO-X® technology outperforms all existing toilets in terms of hygiene Traditional toilets leave a significant area of the bowl unwashed, particularly at the back of the bowl. TORNADO-X® channelis positioned close to the top of the bowl so that 95% of the surface area beneath is cleaned every time.
With TORNADO-X® technology,the optimised water pressure and smooth curves of the bowl flush bacteria clean away with no unhygienic splashingThe bowls are also very easy to clean, with no overhanging bottom bowl to collect potentially dirty deposits.

SMARTER

Technology is expected to function perfectly when it is combined with elegant and unobtrusive design, coupled with tangible functional benefits; then you truly have a product that can be described as a smarter design

QUIETER

In comparison with many traditional flushes, TORNADO-X®is up to 80% quieter. Our Lab comparisons have been made against exact like-for-like toilet bowls, one with the new revolutionary TORNADO-X® flush and one with a traditional flush. The results show a 20% reduction in noise

Technical Installation Instructions

1

Parts required to mount cistern to pan

2

Attach cistern bolts into pan
Tighten bolts from underneath

3

Ensure outlet rubber is fitted to cistern

4

Sit cistern onto pan.

5

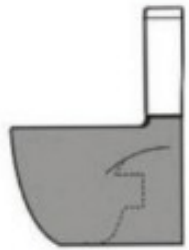

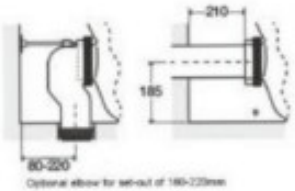

Use supplied bolts to fasten cistern to pan

6

Top inlet finish

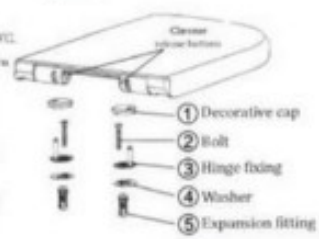

Optional elbow for set-out of 180-220mm

Adjustable S Trap Pan Connector Offset (optional)

1. Open the box and check all the components.
2. Insert the expansion fittings (5) into the seat bolt holes in the WC.
3. Assemble washers (4),Hinge fixings (3)and the bolts (2) as shown in the diagram.Leave loosely attached.
4. Align the hinge housing of the seat with the hinge fixings and adjust the seat to desired position.
5. Remove the seat by depressing the chrome release buttons and lifting upwards.
6. Tighten the bolts with a Philips head screwdriver ensuring that the expansion fixings are secure. Put the decorative cap in the position, then place the seat on the hinges.
